Specialty Medication and Services

Eligibility / Insurance

- **Reimbursement Assistance:** Uropartners Dispensary will work with your physician and your prescription insurance company to help with the prior authorization process that is often required by many plans for coverage of specialty medications. This process may often take a few business days to complete. Our specialty pharmacy team will ensure that you and the prescriber are informed of each step of the process.
- **Appeals:** If your prescription plan denies coverage for your medications, or if you disagree with the benefits or coverage of your medications, you may have the right to file an appeal with your health plan. Contact your prescription health plan for more information.
- **Financial Assistance:** If you do not have prescription drug coverage or if you cannot afford your copay amount, our dispensary team member will work with you to find assistance for paying for your medication. Uropartners Dispensary works directly with a number of foundations and manufacturer programs that provide financial assistance for all the medications dispensed at Uropartners Dispensary.

Payments

Uropartners will bill your insurance company for the cost of your medication. But you might have to pay for some of the cost. This is called a “co-payment.” You are expected to make your co-payment when you order your medicine from us, or when we refill it for you. We will tell you exactly how much your insurance company will pay. We will also tell you how much you pay us. Please contact us if you do not understand these costs and want more details on your claims-related information.

If you disagree with your insurance company about how much you pay, we will help you solve the problem. If you owe us money for your medication, it must be paid before we give you a refill. We accept Visa, MasterCard, American Express and Discover credit cards.

Delivery of your Specialty Medications

Your medication is shipped through Fed-Ex shipping service to your home or your Urologists office via priority overnight.

Refills

One of our Pharmacy Technicians will contact you before your medication runs out to check on your progress and send you refills. Call our dispensary at (855)579-0020 during our normal office hours five days before you run out of your medication. If you are planning on going on vacation let us know at least 5 days before you leave to ensure we order, process, and ship your medication to you before your trip. If you would like to check on your prescription order status, if you have questions, and/or need help with medications feel free to give us a call.

Returned goods policy

It is against the law to re-sell or share prescription drugs that have been given to you. If something seems to be wrong with what you have gotten from Uropartners Dispensary, tell us about it. We will try to replace it at no charge.

Drug recalls/ Unacceptable Medications

Sometimes drugs are taken back from you because they are defective. This is known as a "recall." Uropartners dispensary will contact you, your doctor and insurance company if there is an emergency recall. For less important recalls, Uropartners Dispensary will contact your doctor or health-plan manager. If you suspect that your medication has been tampered or is not safe to take with, please call us or consult your physician. If deemed unsafe the pharmacist will instruct you on what to do with your medication and how to dispose of it.
